

OMEGA 3

THE BIG FISH FOR YOUR BRAND

OMEGA 3

Omega - 3, an essential fatty acid, is known to supply the human body with long chain PUFAs, EPA and DHA; vital for cell building in the brain, retina, nerves and spermatozoa. Sardines are a major source of this essential fatty acid that effectively combats arthritis, minimizes heart problems and improves visual acuity. Omega - 3 is widely recommended for infants and pregnant women for proper brain and visual development. Fish Oil has many health benefits ranging from tackling inflammation to shielding the heart from various ailments.

INDICATIONS FOR USE

Depression

Bipolar disorder

Mild cognitive
impairment

General Health
Improvement
